THEME: We are His

"I John 3:1

From the PrincipAL's Office:

This week each student will be receiving their second term Report Cards. I have really enjoyed reading through the report cards, especially the teacher comment section. This process affirms why parents partner with the staff, to provide a Christ-centered learning experience. May God continue to bless all of our efforts to nurture growth in our students through relationships, excellence in learning and teaching, all in service to His glory.

Tickets are \$17 each and can be purchased on-line at <https://fan-force.com/screenings/alien-intrusion-centre-theatre-trenton-ca/>.

Creation Ministries is an organization who works to show the truth of the Bible by taking Genesis as literal to combat the evolutionary theory the world seems to want to follow.

Here is an excerpt from the campaign guide.

“Millions of people have seen UFOs and many even recall personal encounters with strange entities. The popular view is that these are advanced aliens visiting us from far, far away. This compelling new movie takes a deeper and honest look at the events, the beliefs, the experts, and the people that have shaped our views in all things otherworldly. The truth is more surprising than most people realize. When one takes a deeper look at this phenomenon, it reveals one of the most disturbing but powerful affirmations of the truth of the Bible and Christianity.”—John Schneider, Narrator, Alien Intrusion: Unmasking a Deception.
